

FOREIGN OBJECT DAMAGE (FOD) PREVENTION – QUALITY ASSURANCE

REVISION HISTORY

- Revision 3 replaces revision 2 dated 05/08/18.
 - This revision updates the logo.
- The applicable revision of this document is determined by:
 - The revision specified on the purchase order, or
 - The revision in effect at the time of the purchase order if no revision is listed on the purchase order.

REQUIREMENTS

1. Seller shall ensure items supplied and the packaging will not be a source of Foreign Object Damage (FOD) and/or other contaminants.
2. Seller shall establish and maintain written FOD Prevention Program Practices to reduce FOD using National Aerospace Standard 412 (NAS412), as a guideline.
 - 2.1. The FOD Prevention Program Practices shall be proportional to the FOD susceptibility of the product(s).
3. The FOD Prevention Program Practices, written procedures, or policies developed by the Seller shall be subject to review and audit by the Buyer and/or government representative(s).

DATA SUBMISSION SUMMARY

- There is no deliverable data to Buyer required by this document.

NOTES

- Reviews and audits may be performed at the Seller to ensure effective Foreign Object Damage (FOD) Prevention Program Practices.
- Reviews and audits may result in disapproval of, or corrective action(s) issued against, the FOD Prevention Program Practices at the Seller when practices, procedures, or policies are deemed ineffective as it relates to FOD Prevention design and manufacturing methods.
